## **DETAILED ACTION**

### ***Election/Restrictions***

1. Newly submitted claims 7-11 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Claims 7-11 are, drawn to a method for frame synchronization in time-division duplex code division multiple access, classified in class 370, subclass 509.

Claims 1-6 are, drawn to a method for decoding received sums of QPSK-modulated spreading codes corresponding to elements CFC codewords, classified in class 375, subclass 149.

The inventions are distinct, each from the other because of the following reasons:

Because these inventions are distinct for the reasons given above and acquire a separate status in the art as shown by their classifications, search required for Group I is not required for Group II, search required for Group II is not required for groups I, therefore, restriction for examination purposes as indicated is proper.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 7-11 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Drawings***

2. The proposed drawing correction was received on 10/20/03. The Examiner approves the drawing.
3. The specification should refer to proposed drawing correcting of figure 1C. A proposed drawing correction, corrected drawings, or amendment to the specification to add the reference sign(s) in the description, are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

***Claim Rejections - 35 USC § 112***

4. Claims 3-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim.

***Allowable Subject Matter***

5. Claims 1,2 and 6 are allowed.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
